

Sixth Form Campaign Correction

A previous leaflet distributed by Bradley Stoke Conservatives inaccurately stated that the new sixth form was opposed by Councillor Jon Williams of the Liberal Democrats.

Councillor Williams has asked the local Conservatives to correct the statement and we accept what he says is true.

We would therefore like to retract this statement as Councillor Williams did not oppose this. The view that he opposed it was based on the fact that Councillor Williams did campaign for an increase in the size of the school. Had this happened there was a legitimate concern that this would prevent the provision of a sixth form due to the extremely limited space on the school site. Consequently this stance was interpreted as effectively opposing a sixth form. However we accept that Councillor Williams did not directly publicly oppose the development of a sixth form.

Regards

The Bradley Stoke Conservatives
